

Hellenic Accreditation System

Annex F1/1 to the Certificate No. 1111
SCOPE of ACCREDITATION
of the
HELLENIC RESEARCH & INNOVATION CENTRE
HRIC
INSTITUTE OF FOOD SAFETY
Yiotis S.A.

Materials / Products Tested	Types of test / Properties to be measured	Applied Standards / Techniques to be used
CHEMICAL TESTING		
Cereal based infant formulas	Determination of Vitamin A	Internal method HPLC DAD 5.4.1.2 Method of determination of fat-soluble vitamin A in cereal based infant formulas by HPLC-DAD
	Determination of Pb, Cd, Fe	Internal method ICP-MS 5.4.1.1 Method of determination of Pb, Cd, Fe and As by ICP-MS The method has been validated according to the criteria of EC 333/2007 and its modifications
Cereals and cereal based products	Determination of As	Internal method ICP-MS 5.4.1.1 Method of determination of Pb, Cd, Fe and As by ICP-MS The method has been validated according to the criteria of EC 333/2007 and its modifications

Materials / Products Tested	Types of test / Properties to be measured	Applied Standards / Techniques to be used
MICROBIOLOGICAL TESTING		
Food Products	Detection of <i>Salmonella spp</i>	VIDAS Easy Salmonella NF VALID Ref. BIO 12/16-09/05
	Detection of <i>Listeria monocytogenes</i>	VIDAS Listeria monocytogenes II (LMO2) NF VALID Ref. BIO 12/11-03/04

Site of assessment: **Laboratory permanent premises, Athens, Attika**

Approved signatories: **Vasilios Samaras, Efstratios Komaitis, Vassiliki Giatrakou, Ioannis Dalamagkas**
